spa colour - comfortable to touch yet tough enough to outlast all other spa shell materials, acrylic promises a lifetime warranty. Fade resistance maintains original colour and texture, non-slip surfaces ensure your safety and smooth contours provide maintenance free enjoyment.

duratek cabinetry - in response to market demand for environmentally friendly products, Sapphire Spas have developed Duratek; a high density timber alternative which reduces the use of our natural resources. Duratek's fade and stain resistance is confidently backed by our unconditional, 3 year warranty.

handcrafted western red cedar - this stunning cabinetry is hand-crafted from 20mm thick Australian Western Red Cedar.

heatsaver hardcover - and to top it all off... good looking, hard wearing and money saving, this high density, foam filled hardcover is custom fitted to your spa to capture the generated heat and conserve energy.
