Built to a price point for year round family fun, exercise, splash & play

Heat&cool pump 8.8/12kw

Save up to 75% compared with conventional electric heaters. Combined with our holistic approach to building energy efficient spas, Spanet Heat Pumps are the most environmentally friendly and energy efficient spa heaters available in Australia.

Purewater CD Ozone

Providing crystal clear water, Purewater CD Ozone kills bacteria in your spa and allows you to reduce chemical requirements and maintain beautiful water clarity.

Clearzone

For crystal clear spa water with no chemical smell or skin irritation.

Combining ozone technology with state of the art UV sterilisation to drastically reduce your chemical and maintenance requirements.

mySpaLINK

Control your spa from anywhere in the world.

The mySpaLINK module and 'app' allow you to connect to and take control of your spa, locally or remotely via a WiFi, 4G or 5G network, providing access to your spa from any location at any time.
