WELCOME

## Superior Quality, Australian Built.

Welcome to the Sapphire Spas Family!

The level of pride shines through on every one of our spas, you'll find the same uncompromising build quality and component selection right across our range. Manufactured right here in Australia with optimum components, sourced worldwide from the very best available, every Sapphire Spa is backed by our unmatched Aussie Tough warranty. Big business stability, coupled with small business service guarantees you quality, consistency and reliability.

With a long history of providing both comfort and innovation with our product, we have recently reviewed every shape, colour, massage layout and energy saving component to ensure you will receive years of pleasure from your Sapphire Spa.

We are proud to represent Australian craftsmanship and a commitment to wellness. At Sapphire Spas, our dedication to reliability, innovation and excellence ensures every spa we build delivers lasting comfort, performance and peace of mind.

OTHER OPTIONS

# Upgrades

From crystal clear water to smart control, your spa journey is just a touch away.

## mySpaLINK

Control your spa from anywhere in the world. The mySpaLINK module and 'app' allow you to connect remotely via your wifi or mobile network, providing access to your spa from any location at any time.

## SmartTOUCH

The SmartTOUCH digital touchpad has a large 4.3" viewing area, optimised for use outdoors, the anti-glare and anti-reflective screen is easy to use with wet or dry hands. With software tailored for use with your Sapphire Spa, intuitive menus let you take control of every function with ease.

## Purewater CD Ozone

Providing crystal clear water, Purewater CD Ozone kills bacteria in your spa and allows you to reduce chemical requirements and maintain beautiful water clarity.

## ECOCube

An alternative heating option for spas up to 1,500L, the 5.5kw ECOcube provides energy saving of up to 75%, reducing your running cost and energy consumption. Fully integrated to your spa, the ECOcube has simple installation, automatic temperature control and eco-friendly refrigerant.

## Clearzone

The ultimate in spa sanitisation, Clearzone combines our ozone technology with state of the art UV sterilisation resulting in perfectly crystal clear water. Drastically reducing your chemical and maintenance requirements, Clearzone will also elevate your spa experience with no chemical smell or skin irritation.

## Heat&Cool pump

Available in an 8.8kw or 12kw option, SpaNet heat pumps are the most energy efficient and environmentally friendly option to heat your spa. Perfect for larger spas, these heaters provide extra performance, resulting in the lowest possible running costs.

Enjoy smart control and pure enjoyment.

UPGRADES

# Enhance your Sapphire Spa experience with custom steps

Step up with stylish access to your spa

## Start with perfection, then add a little more...

ACCESSORIES

### Choose your *best* step

Choose the perfect step for seamless and stylish entry into your personal relaxation retreat.

Elevate your Sapphire Spa experience with our range of meticulously designed spa steps. Each option combines functionality with aesthetics, ensuring safe and stylish access to your personal oasis.

Choose the perfect set of steps to complement your spa and enhance your soaking experience, with safety, style, and comfort in mind.

#### 1 – Standard Steps – Pine

Merging practicality with elegance, our Standard Steps are constructed from Treaded Pine with Envirogum Treads to harmonise with your spa's aesthetic. Our Standard Double Step has been tailored to allow easy access to your spa.

#### 2 – Deluxe Steps – Envirogum

Crafted from robust 32mm Envirogum, our Deluxe Steps are the epitome of luxury and durability. These steps are 850mm wide and designed to complement your spa, offering a premium entrance to relaxation.

#### 3 – Durastep II Deluxe – Slip Resistant

Embrace modern simplicity with the Durastep II Deluxe. It's moulded plastic, slip resistant design, is available in grey to complement your Duratek Cabinet. This option provides a strong, lightweight, and stable approach to your spa indulgence.
