Your world of fitness
and entertainment

 **sapphire spas.**
australian made & family owned

Proudly Australian
made & family owned

A SIMPLE STATEMENT BUT
ONE WE ARE EXTREMELY
PROUD OF

The level of pride shines through on every one of our spas, you'll find the same uncompromising build quality and component selection right across our range. Manufactured right here in Australia with optimum components, sourced worldwide from the very best available, every Sapphire Spa is backed by our unmatched Aussie Tough warranty. Big business stability, coupled with small business service guarantees you quality, consistency and reliability

With a long history of providing both comfort and innovation with our product, we have recently reviewed every shape, colour, massage layout and energy saving component to ensure you will receive years of pleasure from your Sapphire Spa.

Innovations such as our world leading Varidrive 80 – Variable Speed Massage pump allows you to select from 80 precise jet pressure settings, or alternatively activate one of the pre-programmed massage modes that will provide you with the ultimate relaxation.

We bring the benefits of Ozone & UV Light together in the Clearzone Water Sanitisation to provide the most efficient sanitisation process available saving you time and money on maintaining the best looking spa.

You know our spas are locally manufactured but, more importantly, they are locally serviced for your peace of mind. If, by some chance, you need our help, then one of our dedicated retail network team is only a local phone call away. Rest assured that you are protected by the Sapphire Spas lifecare commitment.

Above all else, our spas are world renowned for being the most comfortable, come and try one today, we are sure you will love them as much as we do.

Which size **swim spa**
fits your backyard?

myDualzone 6.0m

1 x spa + 1 x pool in our 6.0m dualzone swim spa

Much more than a backyard swimming pool... now you can set the 2 zones to different temperatures. Hydrotherapy spa with seating for 6 people PLUS an open splash pool or training zone with swim jet resistance

Re-create the warmth, water and time together and make new holiday memories! Consider the new M6dualzone as your alternative to the overseas trip and escape our winter for many years to come

Welcome to our family

As part of the Sapphire family our level of care doesn't end once you hand over the money. Remember that, as a Sapphire Spa owner, you're protected by our lifecare commitment; just contact the team at your local store

Take the time to look through 'WELCOME to our Family' tab on our website:

PREPARE for your spa

everything you need to know once you've bought your spa, where to put it at home & how to prepare for the delivery

INSTALL your spa

everything you need to know as you're installing your spa, including technical information for your tradies

ENJOY your spa

we know all you want to do is jump in – nobody wants to read the manual! As part of the Sapphire Family we're here to guide you every step of the way with simple instructions & practical videos, as you enjoy your new spa at home

Tips & Tricks

we understand nothing ever goes to plan so here's the knowledge we've accumulated over the years

mySpa@Home help

is a comprehensive collection of 'how to' videos, manuals & quick references guides to have right by your side as you enjoy your new purchase

Welcome to our family

Everything you need to know once you've bought your spa, where to put it at home & how to prepare for the delivery. We've gathered together some useful information for you & your tradies to get to know your way around your new spa prior to installation

<https://www.sapphirespas.com.au/prepare-for-delivery>

Concrete & electrical connection access:
all Sapphire STANDARD / STANDARD+ / CLASSIC models come with a **3m power cord & 15amp plug** (manufacturer's warranty will be void if extension cords are used)

Access & preparation for delivery & crane:
ensure you have adequate access for spa to be moved into position by trolley or lowered into position by crane

600mm clear access all around spa or swim spa:

please be mindful of where you position your new spa so you have access to all side panels and equipment within the cabinet

Access line drawings for each spa and swim spa in our range on our website:

The swimming pool that you
can use all year round

Energy efficiency

Clearzone Sanitisation

NO chemical smell.
NO skin or eye irritation.
Reduced running costs.
NO corrosive effect.
NO need to daily chlorine dose.
NO shower needed after your spa.

Cabinet Insulation

Advanced reflective laminate.
Durable non-alergenic and
water resistant.

Custom Fit Cabinet

Hand crafted cabinet to suit
every spa model. Canadian
cedar cabinet as standard or the
choice of composite duratek.

Smart Control System

Powersave technology for
lower operating costs including
programmable offpeak heating
and smart meter compatible.

ABS Base

Tough abs base with
integrated layer of insulation
for further heat retention.

SQR Jets

Next generation of jet technology delivering
greater jet pressure and sealant free installation.

Lockable Hard Cover

Every spa is supplied with an Australian
made custom fit hard cover with high
density foam core and extended side skirt
for security and heat retention.

Insulated Shell

High density foam traps
heat inside the cabinet.

Exclusive Dynamic Thermal Tuning

Automatically adapts heating
and filtration cycles leading
to efficient use of power.

Smartflo Filtration Pump

Dedicated filtration pump with
cost effective power consumption
providing the highest level of filtration
for sparkling clean water quality.

Smartflo Boost Pump

Premium High Efficiency Smartflo
Boost Pumps with advanced wet
end technology delivering increased
water flow without consuming
additional power.

SUPERIOR PERFORMANCE WITH SUPERIOR FEATURES

SQR jet system

- New spectrum jets on all sapphire spas.
- SQR (Simple, Quick, Reliable) System.
- Better seals to provide increased jet pressure.

Superior performance

- 20% increase in pressure achieved via a more effective venturi.
- Almost zero water bypass resulting in more water being forced into the jet.
- Free flowing jet that allows greater pressure at jet face.

Advanced manufacturing

- Less steps, less tools.
- Less chance of errors and greater consistency.
- Tried and tested in the USA and Europe
- Superior comfort and ergonomics

Unrivalled reliability

- Significantly reduced potential for leaks.
- Introduction of a new locking mechanism.
- Jets that can be removed with ease and are less prone to getting stiff.

Essential collection

waterspouts
Aqua play is the perfect way to develop a strong bond with your children whilst playing at their level

In todays world of internet, iPods, video games and television, we need a way to promote an active lifestyle and avoid the danger of disconnection from each other

iLight swim tracking
LED iLight swim tracking guides your strokes to hold a central position as you swim against the jet stream

This chain of lights also creates an underwater glow as they interact with the movement of water & bubbles within your swim spa

swim spa steps
Treated Pine frame with High Quality Merbau Treads, the three tier design allows you to gain easy entry into our range of Swim Spas

smartTOUCH digital touchpad
Large 4.3" viewing area, optimised for use outdoors, the anti-glare and anti-reflective screen is easy to use with wet or dry hands. With software tailored for use with your Sapphire Spa, intuitive menus let you take control of every function with ease

heat&cool pump
Spanet heat & cool pumps are standard on all Sapphire swim spas, providing savings of up to 75% compared with conventional electric heaters

You can enhance the efficiency of your swim spa heating & cooling capabilities by increasing the size / output depending upon your lifestyle & location

mySpaLINK
Control your spa from anywhere in the world. The mySpaLINK module and 'app' allow you to connect to and take control of your spa, locally or remotely via a WiFi, 3G or 4G network, providing access to your spa from any location at any time.

mySpaHiFi
Combined with mySpaLINK, mySpaHiFi delivers a high definition stereo sound system for your spa, offering exceptional sound clarity with subwoofer support.

Stream music directly to your spa from any bluetooth smart device. Sophisticated transducer technology produces immersive underwater surround sound as the sound waves are fed through the spa shell and amplified by the volume of water.

Gallery of installations

We invite you to have a look through our gallery of photos from our happy customers, who have kindly shared photos of where they've installed their spa & how much it's already become a part of their daily life. Hopefully this gives you some inspiration of how a Sapphire Spa can make a difference to your life

Massage features

7" cohuna blaster

Enjoy a massive blast of water turbulence through this gigantic, multi-port jet; the most powerful & exhilarating jet you'll ever experience.

legs, hips, thighs & buttocks

This purpose built recliner targets the muscles of your legs, hips, thighs, buttocks and calves to deliver an invigorating hydro workout without the sweat.

oxygen detox

Our 'bed of bubbles' system infuses billions of oxygen-rich bubbles into your spa water. Negatively charged bubbles open and cleanse pores, removing impurities and encouraging rapid skin cell regeneration.

spinal massage

Positioned either side of the spine, these jets, together with warm water, stimulate the blood supply to aid in the recovery of aching muscles or damaged tissue.

footcell massage

Just take a minute to remember where your feet have taken you today. We have created this massage system to reward your feet and calves to get them ready for another full day tomorrow.

mid back

Targeted hydrotherapy jets have been specifically placed in each seat to maximise muscle recovery benefits.

acupressure massage

Strategically positioned cluster jets target your entire back for a luxurious, multi-point massage.

neck & shoulders

Imagine four jets streaming down to release all the tension held in your neck, shoulders & upper back.

illuminated water spouts

Subtly positioned beneath the waterline Multi-coloured LED beams of light produce a fluent display interacting with the movement of water and bubbles within your spa.

directional swim jets

Powerful swim jets which can be positioned to support your body whilst in motion swimming or exercising against the high pressure stream of water

RECLINE IN COMFORT WHILE RELIEVING BACK,
NECK & SHOULDERS, STIMULATE & TONE HIPS,
THIGHS & BUTTOCKS

Colour Palette

**Heatlockthermo+
Hard covers**
Our **heatlockthermo+** hard covers are designed to be good looking, hard wearing and money saving. These foam filled covers are custom fitted to your spa to capture heat and conserve energy.
